

“Earn An Irish Coin” Volunteer Information

▶▶▶ Carefully Read and Follow These Instructions ◀◀◀

Please advise the person who volunteers after you to read these as well.

- Read the coin information board so you have an understanding of them.
- Read through the questions and answers on the worksheet with answers.
- People of all ages are welcome to earn a coin – **but only one.**
- Make sure each participant older than 5 has a green or orange wristband. If not, politely inform them that they need to purchase a wristband at the festival entrance to participate in any festival activities.
- When people need help or have questions, help/answer them in a polite & friendly way so everyone has fun and feels welcome.
- To earn a coin, they need to return a worksheet and you check the answers to see if they are all correct. If any answers are incorrect, give them a hint as to where to find the answer. If all their answers are correct, use a pen, put a star on the top and let them choose their coin. Make sure they don't walk off with the pencil.
- **The participant can take their sheet if they would like to.**
- **Please make sure no one takes any of the coins from the information board.**
- If you are on the 4-6 pm volunteer shift, between 5-6 pm, pack up all the items on this table in the box. When you finish, go to one of the tables that didn't need a volunteer, and pack up those items in its box.
- When the next volunteer arrives to take your place, share hints or wisdom you acquired during your shift.
- Return your Volunteer Badge to the Check-in Table.

Thanks for Volunteering!
